

Former Gov. Mark Schweiker honored at the Pennsylvania Biotechnology Center

Former Gov. Mark Schweiker, a Bucks County native and resident, was honored March 14 at the PABC in Doylestown.

In 2001, Gov. Schweiker approved the \$8 million state grant to the Hepatitis B Foundation that funded construction of Bucks County's first and only biotech incubator, which today is home to 52 early stage and developing companies.

What's the "*secret sauce*" to creating an incubator space that helps convert academic ideas into valued offerings

The PABC is a nonprofit life sciences incubator dedicated to the creation of a world-class biotechnology center, to the promotion of regional economic development and job creation and to the education and training of tomorrow's researchers.

With locations in Doylestown and University City, Philadelphia, the PABC has grown dramatically in recent years and now has more than 100 member companies, about 70 of which have operations in our two incubators, filling both to capacity. More [here](#).

Are you a runner? Join the Run4HepB Team!

All RUN 4 HEP B team members will receive:

- Guaranteed race entry for the 2024

- TCS New York City Marathon
- A personalized fundraising page to collect online donations
- Fundraising support and guidance
- Team branded gear and more!

Note: there is a \$3,650 fundraising minimum to join our Run4HepB team.

Already have guaranteed entry? You can still join us! Runners who have already secured entry via lottery or qualifying time can receive all the benefits mentioned above by fundraising on behalf of Run4HepB.

Interested in running? Email us at run4hepb@hepb.org for more information.

Welcome to our newest members

Welcome to the newest members of the PABC!

- [CinLab Staffing](#)
- [CytoGene Therapeutics](#)

The PABC has more than [90 member organizations](#) and almost 50 have onsite operations.

The PABC is one of the nation's most successful life sciences incubators. A nonprofit organization, the center is dedicated to creating a world-class biotechnology center; promoting regional economic development and job creation; and educating and training tomorrow's researchers.
